

## Euro Series

Cardinal's Euro Series enclosures have the look of unmatched European design. These stylish semi-frameless sliding door enclosures are available with a variety of glass sizes and configurations in all eight standard finishes. All models feature a stylistic rounded Euro style header.

Our Euro Series enclosures are available in four models. Light Euro for cost effective applications features the Euro style header, 3/16" glass, and a single compressed fit towel bar. The Traditional Euro upgrades to 1/4" glass and through-the-glass towel bar and knob. The Euro model has a thicker header suitable for taller and wider applications. The Heavy Euro upgrades to the strongest header and 3/8" glass.
