

Venetian Cast Glass Series

Cardinal would like to introduce you to our new line of ultra premium art glass shower enclosures. The three dimensional character of art glass provides a beautifully stunning alternative to the premium heavy glass units more commonly available. Now, for the first time, your shower enclosure can be the gem of your bathroom.

Cardinal offers twelve stock patterns from which to choose, but there is no limit to the design opportunities. You can give us a drawing of your own design or offer your ideas and have our artists design a custom pattern for you. Let your imagination run wild!

Cardinal Art Glass Enclosures are custom fabricated using 3/8" thick glass, however 1/4" and 1/2" glass may be used as well. The glass is fabricated to accommodate Cardinal Heavy Glass Hardware, i.e. hinges, clips, pulls and towel bars.

Now, truly, you can Dare to Imagine the Shower of Your Life!
